Web Page:

Diana Piilani Shin Perrells was born and raised in Honolulu, and has resided in Kalihi for 30 years. She loves the ohana atmosphere in her community, a multi-family lifestyle only found in Hawaii. She is of Hawaiian-Korean ancestry and believes that the indigenous Hawaiian race will someday overcome their disparity and persevere. Her main campaign goals are to fight for the underdog of all races, and support our kupuna and keikis as they strive for a healthier tomorrow.

Diana graduated from Farrington High School and attended Kapiolani and Leeward Community Colleges. She is a certified Medical Transcriber and recognizes the importance of providing our keikis the best education available.

Devoted mother of 5 children and 2 vivacious grandchildren, she looks for a brighter future. Diana worked at Queens Hospital until retiring and empathizes with the strains of the working people. Close to her heart, she embraces the plight of seniors and believes they deserve to be treated with dignity and compassion. Kindhearted, she is a State Certified Foster Parent and believes every child deserves a secure home and chance to succeed. Outstanding law abiding citizen, she supports our police department. Her husband was an exceptional police officer for many years. Respectable moral character, she was a Church Choir Chairperson and is a member of Ahahui Kaahumanu, a traditional organization. She is a woman visionary for the future in modern technology and progress. It's time for a change, clean house and throw garbage out.
